Clerical Fascism in Poland 2015-2020 B. Andersen 2020-07-11 Discussing Italian Fascism, scholars start with the year 1922, not just the last years of the system, including the 1938-1943 racial laws. It appears that it takes some time for a fascist system to establish itself (Lyttelton, 2004). Therefore, it is essential to recognise the early warning signs of fascism to avoid its emergence in full bloom.Clerical fascism is a specific type of fascism. It is a nationalistic political system rejecting liberal democracy considered hostile to the 'Christian tradition', social changes, including women's rights and sexual liberalism, and a notion of 'restoring' Western culture (Pollard, 2007, p. 434).This publication argues why it is justifiable to consider the Poland of Andrzej Duda and Law and Justice as a multi-party clerical fascist state, where many parties exist, creating an impression of pluralism, but the ruling parties are ideologically identical in practical terms. Establishing what the system is and how it works will help to address the source of the problems and the outcomes it produces, e.g. through internal awareness of the situation and pressure from the international community.It also attempts to present a brief case study of a modern fascist state and how it operates. It explores various aspects of the state, particularly the troika of crucial actors: the far-right propagandists, the powerholders, and the Roman Catholic Church. While religious fundamentalism and authoritarianism is important, money also plays an important part in the regime, including lucrative contracts and prestigious jobs.The timescale examined in this publication is the recent past, from 2015 until the date of publication. The language is simplified for the purpose of accessibility. Sources are of highest possible quality The publication also calls for more research on modern fascism. It also serves as a warning to democracies to keep and create safeguards protecting people and institutions from abuse of power.

Emphyrio Jack Vance 2011-11-14 Far in the future, the craftsmen of the distant planet Halma create goods which are the wonder of the galaxy. But they know little of this. Their society is harshly regimented, its religion austere and unforgiving, and primitive - to maintain standards, even the most basic use of automation is punishable by death. When Amiante, a wood-carver, is executed for processing old documents with a camera, his son Ghyl rebels, and decides to bring down the system. To do so, he must first interpret the story of Emphyrio, an ancient hero of Halman legend. All Jack Vance titles in the SF Gateway use the author's preferred texts, as restored for the Vance Integral Edition (VIE), an extensive project masterminded by an international online community of Vance's admirers. In general, we also use the VIE titles, and have adopted the arrangement of short story collections to eliminate overlaps. Love, Loss, and what I Wore 2005-01-01 In a volume originally intended just for friends, the author reflects on her fortunes and misfortunes through the clothes she has worn, clothes that have expressed her hopes and dreams--from her Brownie uniform to her first maternity dress. Reprint.

The Travels of Jaimie McPheeters Robert Lewis Taylor 1969

Project Management Harold Kerzner 2013-01-22 A new edition of the most popular book of project management case studies, expanded to include more than 100 cases plus a "super case" on the Iridium Project Case studies are an important part of project management education and training. The Australian Official Journal of Trademarks 1907

The Darkangel Meredith Ann Pierce 2007-04-01 The Darkangel, a vampire of astounding beauty and youth, can only summon his full power when he finds his 14th and final bride. But for Aerial, whom he kidnaps to serve his brides, there is something about him--something beyond his obvious evil--that makes her want to save him rather than destroy him. The Darkangel--Pierce's first book, originally released in 1982--was an ALA Best Book for Young Adults, a New York Times Notable Children's Book, a Parent's Choice Award Superbook, and a Booklist Best Book of the Decade.

The Fight for Everest 1924 E.F. Norton 2015-10-08 In 1924 Mount Everest remained unclimbed. Two British expeditions had already tackled what was known to be the highest mountain on Earth. The first, in 1921, found a route to the base. The second, in 1922, attempted the summit, reaching a record height of 27,320 feet before retreating. Two years later, a team that included Colonel E.F. Norton, George Mallory and Andrew Irvine returned to the Himalaya. Armed with greater knowledge and experience, confidence was high. But they were still climbing into the unknown. How high could they climb without supplementary oxygen? Would the cumbersome oxygen equipment help them climb higher? Could they succeed where others had failed, and make the first ascent of the highest mountain on earth? Before they could find out, tragedy struck - George Mallory and Andrew Irvine, climbing high on the mountain, vanished into the clouds. First published in 1925, and reissued now for only the second time, The Fight for Everest 1924 is the official record of this third expedition to Everest. The compelling narrative by Norton and other expedition members, and Mallory's vivid letters home, present a gripping picture of life in the Himalaya. Notes and observations from the entire team show how far knowledge of the mountain and of high-altitude climbing had advanced by 1924, and make recommendations for future Everest attempts. As well as the full original text and illustrations, this edition reproduces some of Norton's superb pencil sketches and watercolours along with previously unpublished materials from his private archive. These include original planning documents from the expedition, Mallory's last note to Norton, and a moving letter to Norton from Mallory's widow. Together, they add up to complete one of the most fascinating mountaineering books ever written.

Mythras (Hardback) Pete Nash 2021-02-06 Mythras Core rules Mythras is the acclaimed roleplaying game from The Design Mechanism. For those new to the game, Mythras is a straightforward, roll-under percentile system. In Mythras your characters are defined by their culture, career, community, background, comrades, skills, magic and cults. Progression is through skill advancement - not levels or similarly abstract concepts. As your characters adventure and quest, their capabilities improve and their relationships deepen and strengthen. Players and Games Masters have complete flexibility over what can be achieved, and the way characters develop is entirely dependent on choices players make, depending on their characters' aspirations and motivations. Games Masters receive a huge amount of support through the Mythras rules. All the concepts and game mechanics are explained clearly with options and considerations explored and presented for ease of use. You need only this rulebook for many years of exciting and imaginative play. Mythras contains everything needed for play, except for dice and friends. It includes five magic systems, innovative combat, over 60 creatures, and copious guidance on how to use the rules and run Mythras games! Come and try one of the best roleplaying systems around...

Multilevel Marketing Plans 1996

Madouc Jack Vance 1991-08-01

Conquering the Desert of Death Charles Blackmore 2008-02-15 The ferocious Taklamakan desert in Central Asia, one of the largest sandy deserts in the world and the harshest on earth, is known by the Chinese as the "desert of death" or the "place of no return." Its unknown depths are said to be haunted by demons and spirits and legend has it that ancient cities filled with treasure lie lost and buried beneath its dunes. The only certainty is that no human being in history had ever crossed it from end to end. But, after five years of planning, in 1993, Charles Blackmore together with a team of British, Chinese and Uyghurs and a caravan of thirty camels, set out to accomplish the seemingly impossible: they would cross the Taklamakan, west to east, directly through its unmapped, untrodden centre. Conquering the Desert of Death is at once a deeply personal journey and the story of an adventure that will go down in history as one of the great achievements of exploration.

Scientific American Monthly Alexander Russell Bond 1921

Cryptocurrencies Simply Explained - By Tenx Co-Founder Dr. Julian Hosp Julian Hosp 2017-12-21 The easiest way into the world of blockchain, cryptocurrency, decentralization, bitcoin, icos, and co: Have you ever asked yourself what a cryptocurrency, a blockchain, or Bitcoin is? How about the word "decentralization?" You might have heard that "these things are coming" and "will take over the world." No matter if you have or haven't, "they" are right- these things are coming. And "these things" will play just as important a role as the internet has for the past 20 years. You know who "won" with the internet? The people who started preparing for it at the beginning, using it personally or for their business before others did. With this new technology called blockchain, a similar window of opportunity has started to open. If you have no clue what a blockchain, a cryptocurrency, or Bitcoin is, don't worry-most of the population doesn't. One of the main challenges for anyone trying to get familiar with these topics is the question of "Where should I start?" This is exactly what prompted me to write this book. In the simplest way possible, I will explain all the aforementioned points so even a 10-year-old could understand them. At the same time, I will reference the details on a technical level to give you both the large scale and the detailed picture. Explaining something to a 10-year-old is in no way a commentary on anyone's intelligence. I'm just following Albert Einstein's advice: "If you can't explain it simply, you don't understand it well enough." My ultimate goal is to make people all around the world #CRYPTOFIT. I.E fit for this new wave of decentralization and blockchain. 10 things you will learn in this book that will blow your mind: What does "backed by gold" actually mean? Will cryptocurrencies replace fiat currencies? Can an internet outage destroy cryptocurrencies? Does mining really create cryptocurrencies? (Hint: It doesn't!) Is a maximum amount of Bitcoin really good for a currency? How do I get a cryptocurrency account if no one is in charge? Are cryptocurrencies better than fiat currencies? Is blockchain the only solution for decentralization? Which technology will win? (Hint: Not the best one!) Can you lose a coin? (Hint: You can NOT) Enjoy the read - Yours, Dr. Julian Hosp An overview of the areas covered in the book: FROM GOLD TO CRYPTO BLOCKCHAIN AND CRYPTOCURRENCY BASICS PRIVATE KEYS AND PUBLIC ADDRESSES MINING HOW ARE CRYPTOCURRENCIES CREATED? WALLETS BLOCKCHAIN FORKS AND ATTACKS DESTROYING A CRYPTOCURRENCY? PRIVACY, ANONYMITY, AND TRANSPARENCY ALTCOINS AND BITCOIN CRYPTO-INVESTING THE FUTURE OF CRYPTOCURRENCIES BONUS CHAPTER: INITIAL COIN OFFERINGS (ICOs)

Conversations With God, Book 3 Neale Donald Walsch 2020-09-01 Discover the answers to the questions of God, meaning, and existence. This is the final book of the original three-book Conversations with God series. The series deals with "universal truths of the highest order, and the challenges and opportunities of the soul." In Book 3, the dialogue expands to include more about the nature of God, love and fear, who we are and who we may become, and the evolution of the human species that's about to take place. This is an engaging and profound conversation about the culture, philosophy, and spirituality of highly evolved beings (some of whom we call "aliens," or "ETs") in other realms of the universe, and how they have learned to view life, love, and the pursuit of happiness. CWG3 is meant to inspire readers to look at their lives in new and fresh ways and to question everything. It encourages readers to embrace the mysteries of existence and to live each day with love and joy.

The Little Soul and the Sun Neale Donald Walsch 1998-03-01 The Little Soul and the Sun is a simple and powerful story that brings children a very profound truth: there is not absolute good or bad--that underneath all that happens in the world, all that we call "good" and all that we call "bad," is love. Your child will discover a God that she or he can love, because God is love, as are all the Little Souls who are a part of God. And perhaps parents, too, will rediscover who they really are.

The History Of Atlantis Lewis Spence 2013-11-26 The History of Atlantis may, in the light of our present knowledge of Plato 's sunken island, appear as a somewhat presumptuous title for a work, the object of which is to present a general outline of what is known concerning Atlantean civilisation. Yet the author placed this study upon a scientific basis, and in so doing he has attached the description of "history" to this work in the hope that the mere invocation of such

a name will endow it with the spirit which should inspire all histories a desire to arrive at fundamental truth by every available means. Contents: Preface Introductory The Sources Of Atlantean History I: The Writings Of Plato The Sources Of Atlantean History Ii: From The Fourth Century B.C. Atlantean Historical Sources Examined The Geography Of Atlantis The Races Of Atlantis The Stone Age In Atlantis The Kings Of Atlantis Atlantis In Britain The Traditions Of Atlantis Life In Atlantis The Atlantean State And Polity The Religion Of Atlantis Animal Life In Atlantis The Colonies Of Atlantis The Atlantean Culture Complex **Discrimination, Vulnerable Consumers and Financial Inclusion** Cătălin-Gabriel Stănescu 2020-12-29 This book addresses the questions of discrimination, vulnerable consumers, and financial inclusion in the light of the emerging legal, socioeconomic, and technological challenges. New technologies – such as artificial intelligence-driven consumer credit risk assessment and Fintech platforms, the changing nature of vulnerability due to the ongoing COVID-19 pandemic, as well as the sophistication of digital technologies, which help circumvent legal barriers and protections – necessitate the continuous study of the existing legal frameworks and measures that are capable of tackling these challenges. Organized in two major parts, the first addresses, from multiple national angles, the idea of a human rights approach to consumer law, in order to replace the mantra of economic efficiency that characterizes financial services with those of human dignity and freedom from discrimination and from debt-induced servitude. The second tackles the challenges posed by increased usage of technology in connection with financial services, which tends to solve, but also creates, additional issues for consumers in general, and for vulnerable groups in particular.

Clarges Jack Vance

The Only Thing That Counts Vic Delamont 2018-10-03 How can I discover the essence of true spirituality? Can somebody show me how to reconcile “the will of God (whatever that is...)” with a contemporary worldview? Is there a link that can actually be discovered that connects spirituality with everyday life, not just prayer or worship? Written from the perspective of a “tough love” team coach during a vitally important match, Vic boldly addresses these issues and more as he guides his readers through this in-depth study in personal spirituality. His clear and compelling conclusion will inspire the rest of your life!

The Shannon Scheme Andy Bielenberg 2002 This collection of scholarly essays provides a background to the figures involved in the Shannon Scheme and gives a detailed historical assessment of the scheme, which transformed the east Clare landscape.

7 Simple Habits of Extraordinary Salespeople Michael Hannon 2015-08-28 An often-quoted statistic is, "5% of salespeople earn 90% of the commission generated in residential real estate sales". The same statistic holds for true in many industries. The obvious question is, "Why do a select number of salespeople earn extraordinary incomes, while others with the same apparent ambition do not?" Extraordinary salespeople develop a business plan that reaches for an extraordinary reputation that provides a powerful stream of enthusiastic referrals and repeat business. The result is a marketing advantage that cannot be matched by any other method. The common elements driving these extraordinary salespeople are 7 Simple "Take the High Road" Habits *The Fight for Everest: 1924* Edward Felix Norton 1925

European Erotic Romance Victor Skretkovicz 2018-07-30 European Erotic Romance examines the Renaissance publication and translation of the ancient Greek erotic romances, and English adaptations of the genre by Sir Philip Sidney, Shakespeare and Lady Mary Sidney Wroth. Providing fresh insight into the development of the novel, this study identifies the politicisation of erotic romance by the European philhellene (lovers of all things Greek) Protestant movement. To English translators and authors, the complex plots, well developed moralised characters (particularly female) and rhetorical styles of the ancient novels signify political and social reform. Generous quotation and translations ensure that European Erotic Romance is accessible to a broad spectrum of readers. Its organisation lends itself to use as a course text. It is suitable for use by senior undergraduates and specialists in Renaissance literature, translation, rhetoric and history.

The Kingdom that Turned the World Upside Down David W. Bercot 2003 A challenging discussion of the teachings of Jesus concerning the Kingdom of God.

Suldrun's Garden Jack Vance 2016-07-01 Take a doomed princess, a dispossessed prince and a wicked king, a vengeful magician and a melancholy witch; now add fairies, ogres, changelings, scheming barons, wanderers who are not what they seem, robbers, orphans, and a race of hardbitten warriors at war with all humanity. Stir in politics, intrigue, plots and assassinations, battles and sieges, then set it all to simmer in a mythical archipelago across the western sea before the time of Arthur. Jack Vance draws together the threads of fairy tale and pagan myth to weave an epic tapestry of adventure and intrigue in the Elder Isles. The result is a masterpiece. - Matt Hughes "Suldrun's Garden" is Book I of the Lyonesse series, and Volume 52 of the Spatterlight Press Signature Series. Released in the centenary of the author's birth, this handsome new collection is based upon the prestigious Vance Integral Edition. Select volumes enjoy up-to-date maps, and many are graced with freshly-written forewords contributed by a distinguished group of authors. Each book bears a facsimile of the author's signature and a previously-unpublished photograph, chosen from family archives for the period the book was written. These unique features will be appreciated by all, from seasoned Vance collector to new reader sampling the spectrum of this author's influential work for the first time. - John Vance II **User Innovation and the Entrepreneurship Phenomenon in the Digital Economy** Isaias, Pedro 2017-10-31 The digital economy is a main driver of change, innovation, and competitiveness for various companies and entrepreneurs. Exploring developments in these initiatives can be used as vital tools for future business success. User Innovation and the Entrepreneurship Phenomenon in the Digital Economy is an essential reference source for emerging scholarly research on innovative aspects of design, development, and implementation of digital economy initiatives, highlighting the relationship and interaction between humans and technology in modern society. Featuring coverage on a broad range of topics such as electronic commerce, brand promotion, and customer loyalty, this book is ideally designed for academicians, researchers, students, and managers seeking current research on the digital economy. *Merchants of Deception* Eric Scheibeler 2009-10-23 *Merchants of Deception* - Written by a former government auditor and high level Amway insider who was the last one who wanted to discover massive consumer fraud. This book is gripping tale for anyone who has been or loves someone who has been recruited into a network marketing business. This well documented book has been utilized by government authorities in both India and the UK to take action against Amway's deceptive business scheme which knowingly has created losses for the majority of all induced to invest.

Awakening Consciousness Katerina Angelovska 2020-03-05 The book Awakening Consciousness is a complete guide for personal and collective transformation. Chock full of examples, LinkedIn Makeover: Professional Secrets to a POWERFUL LinkedIn Profile is your one stop resource to learn how to optimize your LinkedIn profile so you can look good and get FOUND on LinkedIn.

The Gardens of Delight Ian Watson 2011-09-29 In The Gardens of Delight Ian Watson boldly lands a starship within the hallucinatory terrain of Hieronymus Bosch's painting The Garden of Earthly Delights, a medieval masterpiece which enchants and horrifies all who see it, for the picture shows what looks to be a paradise of pleasure yet it also displays a terrible hell of torments. And so the ship's psychologist, Sean Athlone, and two women companions explore the luxurious landscape of giant fruits and birds and strange towers and naked celebrating people, in quest of the godlike alien intelligence that has transformed a planet according to Bosch's vision, populating it with the colonists from a previous starship.

A Gathering of Gargoyles Meredith Ann Pierce 2009-02-09 Book Two of the Darkangel Trilogy! Aerial has broken the spell on the vampiric darkangel known as Irylath and returned him to his human form, but the White Witch continues to haunt his dreams. To save her love and the world they live in, Aerial sets off on a quest across the Sea-of-Dust, to solve a mysterious riddle and gather six magical steeds. Pursued by the White Witch and haunted by her six remaining darkangels, the former slave girl seeks out an ancient oracle who may help her find a way to defeat her enemies.

The Convenience of White-Collar Crime in Business Petter Gottschalk 2020-01-17 This book outlines the theory of convenience for white-collar crime to explain what motivates and enables offenders, providing a unique focus on white-collar crime in the business context. The theory of convenience suggests that the extent to which elite members commit and conceal economic crime is dependent on their extent of orientation towards convenience in problematic and attractive situations. Chapters are organized along the main theoretical dimensions of economical motive, organizational opportunity, and personal willingness. In addition, this book: Addresses a business audience by focusing on themes familiar to corporations Documents attitudes towards white-collar crime among business students and future business leaders Analyzes how convenience orientation varies among individuals Analyzes autobiographies of convicted white-collar offenders Demonstrates the various ways in which white-collar crime occurs The Convenience of White-Collar Crime in Business contributes to an increased understanding of white-collar crime, offering valuable insight in business education that supplements the traditional roles of topics like auditing and compliance in education and practice. It is a useful resource for researchers and law enforcement, and those involved in the detection, prosecution, and conviction of white-collar offenders.

The Complete Lyonesse Jack Vance 2010 The Elder Isles - an ancient land where chivalry and the realm of fairie exist side by side. A land of mystery, strange beauty, high adventure and arcane magic. Kings are at war, opposing magicians devise ever more cunning stratagems. It is a land where princesses and changelings both can become embroiled in political rivalries and the quest for the grail. The Gollancz Black Books have proved to be an immensely successful formula for getting well loved stories into the hands of people who also love well made books. Jack Vance's Complete Lyonesse is a perfect addition to the series and contains Madouc the novel for which Vance won the World Fantasy Award.

Le Morte Darthur Sir Thomas Malory 1897

The Green Pearl Jack Vance 2016-07-01 In the second volume of the Lyonesse trilogy, new threads are woven into the epic tapestry begun in Suldrun's Garden. While war rages across the Elder Isles, King Aillas's true love, Glyneth, is carried off to a parallel world by an amoral magician in the pay of the wicked King Casmir. Meanwhile, a sorceress's malice, condensed into a green pearl, passes from hand to hand bringing poignant misery to whomever it touches. Jack Vance conjures up a tale of war and politics, magic and derring-do, presented in the inimitable style that has made him one of fantasy's acknowledged grandmasters. - Matt Hughes "The Green Pearl" is Book II of the Lyonesse series, and Volume 53 of the Spatterlight Press Signature Series. Released in the centenary of the author's birth, this handsome new collection is based upon the prestigious Vance Integral Edition. Select volumes enjoy up-to-date maps, and many are graced with freshly-written forewords contributed by a distinguished group of authors. Each book bears a facsimile of the author's signature and a previously-unpublished photograph, chosen from family archives for the period the book was written. These unique features will be appreciated by all, from seasoned Vance collector to new reader sampling the spectrum of this author's influential work for the first time. - John Vance II
