The Sleep-Easy Retirement Guide David Aston 2020-01-15 If your retirement dream is becoming a nightmare because of the big financial questions that keep you awake, then this is the book for you. We all dream about retirement, but surveys show that most Canadians are very anxious about it. How big a nest egg will I need? How long will I have to work? How much can I afford to draw from my portfolio every year? What's the financial impact of taking CPP before age 65? Can I achieve my retirement dreams given my financial reality? So many questions and . . . too many answers. The media and financial institutions bombard us with information and advice, but much of it is conflicting and confusing, and some of it is thinly disguised marketing spin and product pitches. It's hard to make sense of it all, to see how it relates to your situation, and to see your own complete financial picture in all the fragmented advice. Written by an independent journalist with no business interests to promote, this book is your frank and trusted guide to the confusing world of retirement planning.

The Perfect Portfolio Leland B. Hevner 2009-03-23 Praise for THE PERFECT PORTFOLIO "Today's markets are rife with challenges that confound novice and professional investors alike. Thankfully, The Perfect Portfolio provides the type of 'outside the box' thinking that can enable individual investors to not only cope with these challenges but also to view them as profit-making opportunities." -Lynnette Khalafani-Cox, The Money Coach™ (from the Foreword) To achieve long-term success in today's market, you can't place your faith totally in financial "experts" who are far too often salespeople first and objective advisers second. You must take personal control of your hard-earned savings and build a portfolio that gives you a realistic chance of earning returns that enable you to meet the investing goals you really want to achieve in life. That's why Leland Hevner--President of the National Association of Online Investors (naoi.org) and a longtime educator in the financial field--has created The Perfect Portfolio. This reliable resource outlines Hevner's proven investment approach, known as the Perfect Portfolio Methodology (PPM), and shows you how to use it to thrive in today's challenging market conditions. Divided into three comprehensive parts, The Perfect Portfolio will enable you to: Build a powerful and efficient portfolio using nine asset classes instead of the traditional three Completely avoid the complexities of analyzing individual stocks and mutual funds Virtually eliminate company risk from your portfolio Use amazing new Web-based tools to enhance and automate your trading activities Easily design a portfolio that matches your investing style and thrives in any market condition And much more This is not the stuff of your average investing book. The author is not simply putting a new "spin" on the outdated investing concepts being taught today. He is providing nothing less than a dramatically new portfolio design model and a revolutionary approach to the entire field of personal investing. And this bold challenge to the status quo is long overdue! With The Perfect Portfolio as your guide, you will realize that investing does not need to be as complicated as the financial services industry would like you to believe. You will learn a simple methodology for building a portfolio that can produce incredible returns with minimal risk. You will be empowered to take personal control of your investments. It's time to start your new life as a confident investor.

Your Money or Your Life Vicki Robin 2008-12-10 A fully revised edition of one of the most influential books ever written on personal finance with more than a million copies sold "The best book on money. Period." -Grant Sabatier, founder of "Millennial Money," on CNBC Make It "This is a wonderful book. It can really change your life." -Oprah For more than twenty-five years, Your Money or Your Life has been considered the go-to book for taking back your life by changing your relationship with money. Hundreds of thousands of people have followed this nine-step program, learning to live more deliberately and meaningfully with Vicki Robin's guidance. This fully revised and updated edition with a foreword by "the Frugal Guru" (New Yorker) Mr. Money Mustache is the ultimate makeover of this bestselling classic, ensuring that its time-tested wisdom applies to people of all ages and covers modern topics like investing in index funds, managing revenue streams like side hustles and freelancing, tracking your finances online, and having difficult conversations about money. Whether you're just beginning your financial life or heading toward retirement, this book will show you how to: • Get out of debt and develop savings • Save money through mindfulness and good habits, rather than strict budgeting • Declutter your life and live well for less • Invest your savings and begin creating wealth • Save the planet while saving money • ...and so much more! "The seminal guide to the new morality of personal money management." -Los Angeles Times

A Wealth of Common Sense Ben Carlson 2015-06-22 A simple guide to a smarter strategy for the individual investor A Wealth of Common Sense sheds a refreshing light on investing, and shows you how a simplicity-based framework can lead to better investment decisions. The financial market is a complex system, but that doesn't mean it requires a complex strategy; in fact, this false premise is the driving force behind many investors' market "mistakes." Information is important, but understanding and perspective are the keys to better decision-making. This book describes the proper way to view the markets and your portfolio, and show you the simple strategies that make investing more profitable, less confusing, and less time-consuming. Without the burden of short-term performance benchmarks, individual investors have the advantage of focusing on the long view, and the freedom to construct the kind of portfolio that will serve their investment goals best. This book proves how complex strategies essentially waste these advantages, and provides an alternative game plan for those ready to simplify. Complexity is often used as a mechanism for talking investors into unnecessary purchases, when all most need is a deeper understanding of conventional options. This book explains which issues you actually should pay attention to, and which ones are simply used for an illusion of intelligence and control. Keep up with--or beat--professional money managers Exploit stock market volatility to your utmost advantage Learn where advisors and consultants fit into smart strategy Build a portfolio that makes sense for your particular situation You don't have to outsmart the market if you can simply outperform it. Cut through the confusion and noise and focus on what actually matters. A Wealth of Common Sense clears the air, and gives you the insight you need to become a smarter, more successful investor.

The Simple Path to Wealth J. Collins 2016-06-18 The author shares his personal techniques, insights and experiences regarding saving money and investing, drawn from his blog posts as well as a series of letters to his teenage daughter, both dealing with money management.

The Charles Schwab Guide to Finances After Fifty Carrie Schwab-Pomerantz 2014-04-01 Here at last are the hard-to-find answers to the dizzying array of financial questions plaguing those who are age fifty and older. The financial world is more complex than ever, and people are struggling to make sense of it all. If you're like most people moving into the phase of life where protecting--as well as growing-- assets is paramount, you're faced with a number of financial puzzles. Maybe you're struggling to get your kids through college without drawing down your life's savings. Perhaps you sense your nest egg is at risk and want to move into safer investments. Maybe you're contemplating downsizing to a smaller home, but aren't sure of the financial implications. Possibly, medical expenses have become a bigger drain than you expected and you need help assessing options. Perhaps you'll shortly be eligible for social security but want to optimize when and how to take it. Whatever your specific financial issue, one thing is certain--your range of choices is vast. As the financial world becomes increasingly complex, what you need is deeply researched advice from professionals whose credentials are impeccable and who prize clarity and straightforwardness over financial mumbo-jumbo. Carrie Schwab-Pomerantz and the Schwab team have been helping clients tackle their toughest money issues for decades. Through Carrie's popular "Ask Carrie" columns, her leadership of the Charles Schwab Foundation, and her work across party lines through two White House administrations and with the President's Advisory Council on Financial Capability, she has become one of America's most trusted sources for financial advice. Here, Carrie will not only answer all the questions that keep you up at night, she'll provide answers to many questions you haven't considered but should.

Talking Dollars and Making Sense Brooke M. Stephens 1997 Offers advice on money management that will help readers take control of their finances and plan more effectively for the future, in a guide that focuses on the African American experience

Smart and Simple Financial Strategies for Busy People Jane Bryant Quinn 2006-01 A guide to creating a virtually self-sustaining financial plan counsels middle-income earners on such topics as debt reduction, saving strategically, investing, insurance, family planning, and retirement. By the author of Making the Most of Your Money. 125,000 first printing.

From Monk to Money Manager Doug Lynam 2019-03-26 Build a better financial future for yourself and the world. Former monk turned financial advisor, Doug Lynam, shares the rules of money management that will change your approach to earning, saving, and investing. From Monk to Money Manager is an entertaining and self-deprecating journey through Lynam's relationship with the almighty dollar--his childhood in a rich family, the long-haired hippie days running away from materialism, time in the Marine Corps looking for selfless service, and his twenty years in the monastery under a vow of poverty that led to his current profession as a financial advisor. In this unique look at wealth from a spiritual perspective, Lynam shares his belief that God doesn't expect us to live in poverty. The truth is, we need financial peace so we can help others. When money becomes a part of our spiritual practice, used in love and service, it can bring us closer to our highest spiritual ideals. With humor and humility, Lynam uses stories told through the lens of his own money mistakes, and those of counseling clients, to understand how our attitudes about money hold us back. He also provides clear, step-by-step guidance on how to grow a little bit wealthy. His insights include how to build a compassionate relationship to our finances; some of the good, bad, and ugly truths about money; and the tricks to unlocking financial freedom.

MoneySense 2013

The Beginner's Guide To Saving For Retirement Dan Clay 2020-08-26 Learn the basic, fundamental principles of saving for retirement and ensure a comfortable, secure financial future for you and your family. Close your eyes for a moment and imagine your dream retirement. Picture where you are, who you're with, what you're doing, and how you feel. Take a deep breath and really let the visualization sink in and transport you to this alternate reality. Now open your eyes and ask yourself: Do you think you'll ever get to personally experience this vision of your dream retirement at any point in your life? If you answered no, you're not alone! Nearly 40 million working age households in the U.S. have no retirement savings, and a whopping 78% of Americans say they're either "extremely" or "somewhat" concerned about not having enough money for retirement. You probably already know that you need to be saving for retirement, but where do you even begin? From the alphabet soup of retirement accounts like 401(k)s, IRAs, 457s, and the like, to the confusing array of fund options with cryptic-sounding names and enormous hidden fees, knowing where to start is no easy task. And chances are you never learned this stuff in school, either--despite the fact that it has a greater impact on your happiness and quality of life than almost any other subject you can think of. Fortunately, building a nest egg to fund your dream retirement is easier than you think. In this book, Amazon bestselling author Dan Clay breaks down the steps of saving for retirement into easy, digestible chunks written specifically for those who have little to no financial background. Here are some of the things you'll learn: What the concept of retirement means and how to engineer it to fit your desired lifestyle The Retirement Income Equation for calculating how much money you need to retire--and why it might not be as much as you think! The magic of compound interest and how it can make you RICH Demystifying the role stocks and bonds play in your investment portfolio and why they should be embraced, not feared The dirty little secret Wall Street doesn't want you to know (that can save you hundreds of thousands of dollars over your lifetime) The Ten Golden Rules of Saving for Retirement that will put you well ahead of the majority of savers Why you could be leaving thousands of dollars of FREE money from your employer on the table, and how to take advantage of it How to decipher the alphabet soup of retirement accounts including 401(k)s, IRAs, and Roth IRAs The Goldilocks approach to managing your portfolio that will save you thousands of dollars in management fees over the course of your lifetime The proper mindset and habits you need to adopt in order to crush your retirement goals PLUS, you'll also gain access to a free companion website containing a bonus chapter packed with advanced tactics for supercharging your retirement savings, a list of Dan's favorite finance book and blog recommendations, and other bonus materials designed to help you make the right decisions with your money. Whether you're a recent graduate starting your first job, someone who's been meaning to start saving for retirement but just hasn't gotten around to it yet, or a person who's already saving for retirement but still isn't exactly sure what they're doing, this comprehensive guide aims to be THE fundamental resource you need for saving for retirement and securing your financial future. What are you waiting for? Scroll to the top of the page and click BUY NOW to start seizing control of your financial destiny today!

Millionaire Teacher Andrew Hallam 2011-11-01 The incredible story of how a schoolteacher built a million-dollar portfolio, and how you can too Most people wouldn't expect a schoolteacher to amass a million-dollar investment account. But Andrew Hallam did so, long before the typical retirement age. And now, with Millionaire Teacher, he wants to show you how to follow in his footsteps. With lively humor and the simple clarity you'd expect from a gifted educator, Hallam demonstrates how average people can build wealth in the stock market by shunning the investment products peddled by most financial advisors and avoiding the get-rich-quick products concocted by an ever widening, self-serving industry. Using low cost index funds, coupled with a philosophy in line with the one that made Warren Buffett a multi-billionaire, Hallam guides readers to understand how the stock and bond markets really work, arming you with a psychological advantage for when markets fall. Shows why young investors should hope for stock market crashes if they want to get rich Explains how you can spend just 60 minutes a year on your investments, never open a financial paper, avoid investment news, and still leave most professional investors in the dust Promotes a unique new investment methodology that combines low cost index funds and a Warren Buffett-esque investment philosophy Millionaire Teacher explains how any middle-income individual can learn the ABCs of personal finance and become a multi-millionaire, from a schoolteacher who has been there and done that.

Money Like You Mean It Erica Alini 2022-01-04 Wrestle debt to the ground. Figure out whether you should rent or buy. And determine if a side hustle is really worth the hassle. Get a job, buy a house, spend less than you make, and retire at sixty-five. That's advice for a world that has largely disappeared. Even good jobs today often have no guarantee of stability. Home prices have reached the stratosphere. Meanwhile, student debt drags you down just as you're trying to take off in life. To survive and thrive in today's reality, you need a whole new personal finance toolkit. Global News money reporter Erica Alini blends the big picture with practical advice to give you a deeper understanding of the economic forces that are shaping your financial struggles and how to overcome them. Packed with concrete tips, Money Like You Mean It covers all the bases: from debt through investing and retirement to renting vs. buying and how to tell whether a side gig is really worth the effort. It's the essential road map you need to make it in the current economy.

How to Make Your Money Last Jane Bryant Quinn 2017-01-10 "With How to Make Your Money Last, you will learn how to turn your retirement savings into a steady paycheck that will last for life. Today, people worry that they're going to run out of money in their older age. That won't happen if you use a few tricks for squeezing higher payments from your assets--from your Social Security account (find the hidden values there), pension (monthly income or lump sum?), home equity (sell and invest the proceeds or take a reverse mortgage?), savings (should you buy a lifetime annuity?), and retirement accounts (how to invest and--critically--how much to withdraw from your savings each

year?). The right moves will not only raise the amount you have to spend, they'll stretch out your money over many more years. You will also learn to look at your savings and investments in a new way. If you stick with super-safe choices the money might not last. You need safe money to help pay the bills in your early retirement years. But to ensure that you'll still have spending money 10 and 20 years from now, you have to invest for growth, today. Quinn shows you how. At a time when people are living longer, yet retiring with a smaller pot of savings than they'd hoped for, this book will become the essential guide"--
A Common Sense Road Map to Uncommon Wealth Marvin Doniger 2008-03 Globalization. Outsourcing. Downsizing. Reduced Pensions. Debt. There's no doubt the worlds of employment and finance are changing dramatically. More than ever, it is up to you to plan and manage your financial security. This straight-talking guide reviews life's stages, from infancy to retirement, and how your attitudes toward saving, working, and investing are formed. If you have positioned yourself from young adulthood for an envisioned future, you can likely handle any curveball life may throw at you. Unfortunately, statistics show many people are poorly positioned for retirement. Begin now to reverse or prevent this trend. Using the concept of maintaining a margin of safety, you can protect yourself from the unexpected. By applying this concept to your career and finances, you can develop a set of relevant skills and diversify your investments. A Common Sense Road Map to Uncommon Wealth will help you anticipate and respond to trends and changes. It's perfect to bring generations together--if you're nearing retirement, share this with your children. If you're just launching your career, learn these lessons carefully as you move forward in life.

You Can't Have My Money! Paxton S. Finnegan 2021-11-12 If you are one of the 91 out of 100 people in North America who are afraid that they will outlive their retirement savings, keep reading to discover how... We are living longer than ever, yet we are retiring earlier than ever. This newfound longevity is not being factored into our retirement planning. Many investments and retirement accounts are subject to heavy taxation which can be avoided. Accepted money-saving strategies, such as overpayment on your home mortgage, are actually costing you hundreds of thousands of dollars. Our sequence of investment priorities needs to be reversed. A simple change of strategy can double your retirement savings while saving you from the sting of the taxman. We don't all die from black lung at age 45 anymore, but a whole lot of us are treating our retirement plan like that's our best option. We accept whatever financial advice our local bank teller gives us, and we sign whatever they put in front of us. But what if there are alternatives that the banks don't want you to know about, because they might actually make more money for you than for the bank? Even across different countries, there are similar strategies that can be followed to maximize investment growth and retirement savings for investors of any age, income, or education level. Whether you are living in the United States, Canada, or other nations with similar opportunities, you can use a parallel sequence to secure your financial future. Young or old, man or woman, country mouse or city mouse, there are financial pathways we all can tread together. In this simple 6-step guide, Paxton S. Finnegan will join you to explore solutions and strategies which can grow investments, transform retirements, and keep the taxman at bay. With humor, common sense, tough love, and cowboy logic, he will show you that fear of retirement deserves to be left in the dust bin of history, along with alchemy and Polio. You don't need to be a financial expert to change your life. You just need common sense and full awareness of the options that are out there.

We're Not In Kansas Anymore Walter Updegrave 2004-04-20 Whether you are thirty years from retirement or it's just around the corner, here is the only book you'll need about how to get it together and plan a safe, secure, and prosperous retirement. We all know the scene: Dorothy is transported from the flat terrain of Kansas to the bizarre land of Oz. Her cry, "Toto, I don't think we're in Kansas anymore," may be the best line to describe how people feel about the retirement landscape. It's one teeming with challenges, from the impact of corporate downsizing on individuals to battered 401(k)s, precarious Social Security, and cuts in pensions and health care benefits for retirees. Many people are intimidated and delay thinking about retirement. That's a mistake. We're Not in Kansas Anymore is the only guide you need to learn how to deal with the Oz-like reality that is retirement planning today. Walter Updegrave shows how to cut through the clutter, assess your finances, and become your own personal pension manager. • Get real about retirement. Neither your employer nor the government will adequately feather your retirement nest. You're on your own. Only you can take action and responsibility for your life after work. Walter Updegrave shows how to start now. • Develop a simple, direct, empowering retirement plan. Cut through the alphanumeric soup of 401(k)s, IRAs, Keoghs, and SEPs, get a grip, and execute a personal plan that makes sense given your circumstances. • Create a realistic investing strategy and get the most out of your 401(k) and other retirement accounts. • Ensure that your money lasts a lifetime. The Tin Man wanted to experience life with passion and emotion. Likewise, you'll improve your chances of creating the kind of retirement you want if you bring some passion and emotion into your retirement plan and then save enough to make it a reality. The Scarecrow thought his life would be better if he "only had a brain." It was the Scarecrow, however, who came up with the best ideas to get Dorothy out of her jams. Similarly, Updegrave shows that any reasonably intelligent person can execute a successful retirement plan and, like the Cowardly Lion, show some courage by having the discipline, willpower, and conviction to follow it through. We're Not in Kansas Anymore is the best, most thorough, and most empowering retirement guide in print today. Don't leave Kansas--or anywhere else for that matter--without it.

How to Retire with Enough Money Teresa Ghilarducci 2015-12-15 Here is a single-sit read than can change the course of your retirement. Written by Dr. Teresa Ghilarducci, an economics professor, a retirement and savings specialist, and a trustee to two retiree health-care trusts worth over \$54 billion, How to Retire with Enough Money cuts through the confusion, misinformation, and bad policy-making that keeps us spending or saving poorly. It begins with acknowledging what a person or household actually needs to have saved--the rule of thumb is eight to ten times your annual salary before retirement--and how much to expect from Social Security. And then it delivers the basic principles that will make the money grow, including a dozen good ideas to get current expenses under control. Why to "get rid of your guy"--those for-fee (or hidden-fee) financial planners that suck up valuable assets. Why it's always better to pay off a loan or a mortgage. There are no gimmicks, no magical thinking--just an easy-to-follow program that works.

Broke Millennial Takes On Investing Erin Lowry 2019-04-09 A guide to investing basics by the author of Broke Millennial, for anyone who feels like they aren't ready (or rich enough) to get into the market Millennials want to learn how to start investing. The problem is that most have no idea where to begin. There's a significant lack of information out there catering to the concerns of new millennial investors, such as: * Should I invest while paying down student loans? * How do I invest in a socially responsible way? * What about robo-advisors and apps--are any of them any good? * Where can I look online for investment advice? In this second book in the Broke Millennial series, Erin Lowry answers those questions and delivers all of the investment basics in one easy-to-digest package. Tackling topics ranging from common terminology to how to handle your anxiety to retirement savings and even how to actually buy and sell a stock, this hands-on guide will help any investment newbie become a confident player in the market on their way to building wealth.

How Much Money Do I Need to Retire? Todd Tresidder 2020-01-02 Learn how retirement really works before it's too late... "This book is the best I've seen on how to navigate the retirement savings question." (Forbes) Most so-called "experts" plug your numbers into a retirement formula to tell you how much money you need to retire. Unfortunately, the conventional approach is fundamentally flawed. If you fail to learn how retirement savings truly works, then you'll either underspend and be miserable or overspend and run out of money. How Much Money Do I Need to Retire takes you beyond the scientific facade of modern retirement planning. Author and former hedge fund manager Todd R. Tresidder has helped thousands of people find financial freedom through his website and podcast. Now you too can use his advice to take the guesswork out of your retirement planning. In this book, you'll learn: Why the best way to describe most retirement estimates is garbage-in/garbage-out The five critical assumptions that can destroy your financial security How to reduce the amount you need to retire by as much as \$600,000 Three strategies to maximize spending today while protecting for the future How to calculate the amount of money you really need to retire on the first try without software, online calculators, or being a math genius Read this book to know more about your retirement planning than your financial adviser. Tresidder's book contains refreshingly straightforward, easy-to-understand, and concise advice on how to retire wealthy. This missing link of personal finance books will make you sleep easier. No retirement is secure without it. Buy the book today so you can retire with confidence!

Retirement Income for Life Frederick Vettese 2020-10-20 Canada's #1 bestselling retirement income book is now completely revised and updated. Vettese will show you how to mitigate risk and secure your financial future in these unpredictable times. As COVID-19 rocks the economy in an unprecedented black swan event, retirees and those who are preparing to retire need answers to pressing questions about their financial futures. Originally published in 2018, the second edition of Retirement Income for Life, has been completely revised and updated, and now includes: New chapters on early retirement, retiring single, what to do when one spouse dies young, and more. Three strategies for mitigating your personal financial risk in the current downturn in equities and other investment products. Advice on how to plan for (and even benefit from) the coming bear market, resulting from COVID-19, which will create unprecedented equity buying opportunities, possibly as early as 2021. Information on the impact of unbearably low interest rates on annuities and fixed-income investments and what to do if you hold them. The reasons retirees should be deferring CPP until age 70 and why the case for this is stronger than ever. Author Frederick Vettese demystifies a complex and often frightening subject and provides practical, actionable advice based on five enhancements the reader can make to mitigate risk and secure their financial future. With over one thousand Canadians turning 65 every day, the cultivation of good decumulation practices -- the way in which you draw down assets in retirement, ideally to have a secure income for the rest of your life -- has become an urgent matter that no one can afford to ignore.

Money 101 Ellen Roseman 2002 Money 101 The One Class You Can't Afford to Cut! You are working hard and trying to save some money, but at the end of the day, there never seems to be enough to go around. Money 101 is a crash course on financial basics from one of Canada's most trusted personal finance columnists. Ellen Roseman offers easy-to-understand advice on a wide range of topics, including tips on spending less and saving more, managing a budget, negotiating mortgages and car leases, getting the insurance you need, investing, saving for children's education and your own retirement, and much more. Money 101 helps you master personal finance without pain, whether you're a novice or experienced. Your own personal tutor, it'll teach you to get better control of your money so you'll have more to save and invest. Portrait Photography by Joseph Marra. Used by permission.

Retirement Is a Marathon, Not a Sprint Chris Scalese 2012-04 Chris Scalese brings what he has learned from over 20 years of helping individuals prepare for a comfortable retirement. He'll break down the fundamentals of retirement planning into clear, easy to follow language and show you that it doesn't have to be near as difficult as a lot of "experts" would like you to believe.

Millionaire Expat Andrew Hallam 2022-01-14 Build your strongest-ever portfolio from anywhere in the world Now in its third edition, Millionaire Expat is the world's most trusted, bestselling guide for expat investors. It shows readers how to protect themselves from financial sharks and build effective portfolios that maximize profits and tax efficiency. This updated guide includes model portfolios of ETFs or index funds. It recommends subtle differences for investors based on nationality, while explaining why all-in-one portfolio funds are even simpler and more profitable than individual ETFs. Millionaire Expat also provides investment models for socially responsible funds. Best of all, this book is specific. Author Andrew Hallam doesn't just offer theory. He shows you exactly what to buy and where to buy it from. He explains how much you should sell each year, upon retirement, and discusses repatriation: showing how different countries deal with the taxation of portfolios that were built abroad. And if you're looking for a hands-free approach, Millionaire Expat offers something for you as well: lists of roboadvisors and full-service financial firms that offer guidance and build portfolios of ETFs and index funds. But what if you started investing late and can't afford to retire? In that case, Andrew Hallam has you covered. He profiles several low-cost countries that are popular with expats. He explains what countries are great for Global Nomads and for retirees looking for tax breaks, safety, solid health care systems and a low-cost, enjoyable standard of living. Millionaire Expat (3rd edition) is an entertaining guide, showing readers how to maximize their money and their life satisfaction based on simple, smart investing and their choice of retirement destination. Author Andrew Hallam was a high school teacher who built a million-dollar portfolio on a teacher's salary. He knows how everyday people can achieve success in the market. In Millionaire Expat, he tailors his best advice to the unique needs of those living overseas to give you the targeted, real-world guidance you need.

The Ultimate Retirement Guide for 50+ Suze Orman 2020-02-25 The instant NEW YORK TIMES BESTSELLER WALL STREET JOURNAL BESTSELLER PUBLISHERS WEEKLY BESTSELLER USA TODAY BESTSELLER THE PATH TO YOUR ULTIMATE RETIREMENT STARTS RIGHT HERE! Retirement today is more complex than ever before. It is most definitely not your parents' retirement. You will have to make decisions that weren't even part of the picture a generation ago. The Cross-Border Family Wealth Guide Andrew Fisher 2017-01-24 Make sense of international personal finance with expat-specific expert advice The Cross-Border Family Wealth Guide is the long-awaited financial handbook for cross border families, with expert insight from a financial advisor who specializes in expat issues. Whether you're an American living abroad, or foreign-born and living in the U.S., this book demystifies the complex issues surrounding the worldwize tax system, international information reporting, sensible investments, international real estate, and retirement planning. When your wealth crosses international borders, managing even the most mundane financial affairs can become wrought with time-consuming complexity; moving money, opening accounts, dealing with currency risks and translation, and setting up investments suddenly involves a whole new set of rules and regulations. Your 401(k), IRA, or annuity must be handled properly to retain certain tax benefits, and retirement planning takes on a brand new dimension of difficulty. This book shows you how to navigate the maze to make sure your money keeps working for you. Real world examples illustrate solutions to common problems, and real, actionable advice gives you a solid plan for your next steps. While personal finance management is rarely simple, the recent crackdown on tax havens and increased tax collection vigilance has made things even more difficult for cross border families. This book answers your questions, and shines a light on the way

forward to long-term financial security for international families. Navigate the complexities of international taxation Get specific guidance on retirement planning Make sense of how real estate fits into your financial picture Invest appropriately to maximize growth for the future Manage your assets and tax benefits across borders With the right know-how, cross border professionals can make sensible investment and financial planning decisions, but credible guidance is rare and difficult to find. The Essential Retirement Guide Frederick Vettese 2015-12-02 "The Essential Retirement Guide will detail saving for retirement-- when, why, how, and how much. There is much miscommunication and false information about retirement planning. Inconsistencies such as retirement target percentages of final pay, the amount of retirement income needed, and the use of proper investment vehicles, most of which cost hundreds of thousands of dollars more than necessary, all add to the mystification of most retirement planning advice. The book will answer: - When should I start to save? - What takes priority: paying off the mortgage or saving for retirement? - What is the most tax-effective investment vehicle during the accumulation phase? - How should I invest? - How much money do I need to retire comfortably? - How much retirement income will I need? - What percentage of my assets can I spend each year in retirement? - How will my spending habits change over the course of my retirement? - Do I need to worry about the cost of long-term care?"--

The Latte Factor David Bach 2019-05-07 INSTANT NEW YORK TIMES, USA TODAY, WALL STREET JOURNAL, AND INTERNATIONAL BESTSELLER Discover #1 New York Times bestselling author David Bach's three secrets to financial freedom in an engaging story that will show you that you are richer than you think. Drawing on the author's experiences teaching millions of people around the world to live a rich life, this fast, easy listen reveals how anyone--from millennials to baby boomers--can still make his or her dreams come true. In this compelling, heartwarming parable, Bach and his bestselling coauthor John David Mann (The Go-Giver) tell the story of Zoey, a twenty-something woman living and working in New York City. Like many young professionals, Zoey is struggling to make ends meet under a growing burden of credit card and student loan debt, working crazy hours at her dream job but still not earning enough to provide a comfortable financial cushion. At her boss's suggestion, she makes friends with Henry, the elderly barista at her favorite Brooklyn coffee shop. Henry soon reveals his "Three Secrets to Financial Freedom," ideas Zoey dismisses at first but whose true power she ultimately comes to appreciate. Over the course of a single week, Zoey discovers that she already earns enough to secure her financial future and realize her truest dreams--all she has to do is make a few easy shifts in her everyday routine. The Latte Factor demystifies the secrets to achieving financial freedom, inspiring you to realize that it's never too late to reach for your dreams. By following the simple, proven path that Henry shows Zoey, anyone can make small changes today that will have big impact for a lifetime, proving once again that "David Bach is the financial expert to listen to when you're intimidated by your finances" (Tony Robbins, #1 New York Times bestselling author of Money: Master the Game).

Getting Yours Bambi Holzer 2002-04-08 PRAISE FOR GETTING YOURS "Believe it or not, you won't want to put this book down once you get started. That's rare for a book on investing, but this one's a gem." -Ed McVey, Chairman, Templeton Private Group "I've known Bambi for many years and have read and enjoyed her first two books, but Getting Yours is the best yet! She inspires her readers to take easy steps to achieve their financial goals. I highly recommend this book to beginners and investment pros alike." -Victor Norton, Principal, Managing Director of Advisory Services, Kayne Anderson Rudnick "Finally, a book on personal finance that's fun to read! I'm buying copies for all my friends and family--it's that good!" -Gloria Mayer, President, Institute for Healthcare Advancement Coauthor, Goldilocks on Management

Money Mindset Jacob Gold 2015-11-02 Harness the power of your money with a 21st century mindset The speed at which the world is evolving is compounding exponentially each day, leaving individual investors wondering how to appropriately plan for their financial future. The financial norms that helped prior generations retire with grace are quickly evaporating or have already been replaced with new difficult realities. Money Mindset is an expert-led guide to growing your wealth, protecting your wealth, and transferring your wealth to future generations. Written by a third generation financial planner who is also an adjunct finance professor at the W.P. Carey School of Business at Arizona State University, Money Mindset helps readers understand important financial concepts and theories of the 21st century. The science and psychology of money The 'WHY' of personal financial management The rule of 72, asset allocation, dollar cost averaging, and the erosive effects of inflation How to manage a diverse investment portfolio to minimize macroeconomic vulnerability How to create a legacy through proper estate planning Money Mindset explores the idea that money can be looked at as an energy source. In order to truly harness its powers, one must acquire and maintain a certain money mindset. Everyone wants financial independence--having enough money to consistently fuel their everyday life. Money Mindset clears a path through the increasingly convoluted and ever-changing world to show how to finally become financially secure.

The Real Estate Retirement Plan Calum Ross 2017-02-25 A Globe and Mail Bestseller! A guide for Canadians on how to use real estate as an investment and retirement solution. Leveraging equity in a principal residence and using it wisely to purchase rental property is the solution to a safe, secure retirement for millions of Canadians. Many Canadians who own their home have never considered buying a second property. And nearly one-third of retirees are worried about running out of money. The Real Estate Retirement Plan shows how homeowners can use the tools already available to them - their mortgages - to access the initial capital to invest and prepare for their retirement. This is a proven, validated antidote to today's historically low savings rates, poor current rates of return, and pressure on CPP and health care. With examples and a detailed discussion of the principles and mechanics, Calum Ross and Simon Giannini demystify real-estate investing and make an irrefutable case for borrowing to invest.

The Rule of 30 Frederick Vettese 2021-10-19 Consider the age-old question of how much you should save to enjoy a comfortable retirement: Are your knees knocking? Are you nervously biting your nails? In The Rule of 30 personal finance expert Frederick Vettese provides a surprising - and hopeful - answer. Through conversations between a young couple and their neighbor, a retired actuary, the couple and the reader discover: • How they would have fared had they been saving over various periods in the past, and how the future investment climate will differ • The problem with saving a constant percentage of pay • The Rule of 30 and why it is a more rational way to save • Whether investing in real estate is a viable alternative to investing in stocks The Rule of 30 changes the mindset from saving the same flat percentage of pay to saving when it is most convenient to your situation. In most cases, it means less saving early on while mortgage payments are high and children are costly, and more saving later. Saving for retirement is a high priority, but it is not the only priority in life. It is time to dispense with old myths like "just save 10% of your take-home pay." The truth is we should save differently throughout our pre-retirement years - and The Rule of 30 is a road map for doing so.

How to Retire Rich in a Totally Changed World Walter Updegrave 2007-12-18 Whether you are thirty years from retirement or it's just around the corner, here is the only book you'll need about how to get it together and plan a safe, secure, and prosperous retirement. Making Millions For Dummies Robert Doyen 2009-01-06 The must-have guide to achieving great wealth Making Millions For Dummies lays out in simple, easy-to-understand steps the best ways to achieve wealth. Through a proven methodology of saving, building a successful business, smart investing, and carefully managing assets, this up-front, reliable guide shows readers how to achieve millionaire or multimillionaire status. It provides the lowdown on making wise financial decisions, with guidance on managing investments and inheritances, minimizing taxes, making money grow, and, most important, how to avoid common and costly financial mistakes. Millionaire wannabes will see how to maintain financial security throughout their life with this easy-to-follow road map to financial independence. For individuals who yearn to make millions but don't want to be restricted to owning or running a business, the book features other options, such as inventing and patenting the next big thing, consulting, selling high-value collectibles, and flipping or owning real estate.

Victory Lap Retirement Mike Drak 2019-03-30 The key to a happy retirement may be . . . not retiring. Work because you want to, not because you have to, to achieve balance, health, and purpose in your life after full-time employment. Retirees are living longer than ever before and many will have to finance as many years in retirement as they had in their entire working career. So now, the old idea of full-stop retirement - going from 100 per cent work mode to 100 per cent leisure mode - is neither sustainable nor desirable. Besides, many studies have shown that those who stay engaged, challenged, and stimulated stay healthier and live longer. Continuing to work to some degree after you have left your full-time career can actually improve your health and increase your lifespan. The key is to work because you want to and not because you have to. Instead of continuing to run the organizational rat race or being stuck on the treadmill of life, you can learn how to break through the finish line of financial independence and plan your own Victory Lap, a blend between work and play that each person intentionally designs for themselves. This book explains the concept of Victory Lap Retirement, outlines the benefits, and shows you how to plan for your own unique Victory Lap - the post-employment lifestyle that's right for you - allowing you to live life to the fullest, on your terms, while you are young enough to enjoy it. The second edition contains new information on decumulation, strategies retirees can use to safely draw down their assets to help finance their Victory Lap, as well as many additional examples. "This wise book rests on some important truths: We all crave lives of meaning, we want to continue to grow and learn throughout our years, and financial well-being is central to our health and happiness. Victory Lap Retirement is a how-to guide for making all of those goals come together into a truly modern retirement plan." Christine Benz, Director of Personal Finance and Senior Columnist, Morningstar, Inc. "[The authors] say the full-stop retirement doesn't work anymore, and I agree. Start planning your Victory Lap." - Rob Carrick, Personal Finance Columnist, The Globe and Mail "I've long believed that the idea of retiring at sixty-five is as outdated as the horse and buggy. You could live another thirty years or more. What are you going to do with that time? This book can help you find the answers." - Gordon Pape, Bestselling Author and Publisher of The Internet Wealth Builder and The Income Investor "Victory Lap Retirement provides a great model for finding the right balance between today and tomorrow, work and play, family and self, financial independence and fun. It's a brilliant roadmap for being deliberate about your priorities and to avoid ending up just being a cog in the wheel of life. The authors masterfully leverage their personal experience and the lessons learned from working with thousands of clients, bucking the tired old model of retirement and instead offering readers a detailed roadmap to deliberately create a far more meaningful, interesting, and fulfilling second half of life." - Brent Brodeski, CEO, Savant Capital Management "The authors reframe the idea of retirement as a smart twist on an age-old dilemma. The science of well-being later in life tells us we need to have a purpose - why not make a few bucks while you're at it? This book will open your mind to what your Victory Lap might be if the thought of doing nothing at some point is foreign to you." - Larry Berman, Host of BNN Bloomberg's Berman's Call, and Chief Investment Officer, ETF Capital Management **The Bogleheads' Guide to Investing** Taylor Larimore 2006-04-20
