2014 International Conference on Computer, Network 2014-03-12

The objective of the 2014 International Conference on Computer, Network Security and Communication Engineering (CNSCE2014) is to provide a platform for all researchers in the

field of Computer, Network Security and Communication Engineering to share the most advanced knowledge from both academic and industrial world, to communicate with each other about their experience and most up-to-date research achievements, and to discuss issues and future prospects in these fields. As an international conference mixed with academia and industry, CNSCE2014 provides attendees not only the free exchange of ideas and challenges faced by these two key stakeholders and encourage future collaboration between members of these groups but also a good opportunity to make friends with scholars around the world. As the first session of the international conference on CNSCE, it covers topics related to Computer, Network Security and Communication Engineering. CNSCE2014 has attracted many scholars, researchers and practitioners in these fields from various countries. They take this chance to get together, sharing their latest research achievements with each other. It has also achieved great success by its unique characteristics and strong academic atmosphere as well as its authority.

The Violated Vance Bourjaily
2015-04-28 "One of the very few good, ambitious and important novels to have been done by the writers of my generation." –Norman Mailer The lives of four Americans born between the world wars are intertwined to devastating effect in this gripping novel from one of the twentieth century's most acclaimed authors. Beautiful, sad Ellen Beniger; her younger brother, Tom, a scholar unhappily moonlighting as a TV writer; the athletic amorist Guy Cinturon; and tough little Eddie Bissle, ex-infantryman and Ellen's secret lover, struggle to come to grips with the limits of their futures and the scars of their pasts

as they enter middle age. Will the physical, emotional, and spiritual violations they have endured remain with them forever, or can they be healed? As *The Violated* builds to its stunning climax, the story of four lost souls reveals heartbreaking truths about the dark side of post-World War II America.

Could it be Adult ADHD? Jan Willer 2017-03-06 One out of every 10 adult psychotherapy clients likely has ADHD. Due to high comorbidities with depression, anxiety, substance abuse, and other mental disorders, along with considerable behavioral dysfunction, adult ADHD is even more common in clinical populations than the general public. When an ADHD diagnosis is missed, psychotherapy is often frustrating and less effective. *Could it be Adult ADHD?* is for mental health professionals who wish to learn how to recognize, assess, and treat adult ADHD. Written in a style maximally accessible to the practicing mental health professional, this book educates early-career psychotherapists and experienced professionals alike on the disorder and its treatment. Author Jan Willer provides a full description of adult ADHD symptoms, based on the most current research, including executive functioning

problems, emotional dysregulation, atypical reward sensitivity, and problems with time perception. Recognizing patterns of dysfunction is essential to identify ADHD, so two detailed composite cases are presented, along with supplemental case material. Strengths that may be associated with ADHD are described. Willer offers guidance on providing psychoeducation about cognitive differences in ADHD, which is essential for client self-acceptance and adaptive functioning. Common psychotherapy problems with ADHD clients are addressed, including chronic lateness to sessions, missed appointments, motivation problems, difficulties with homework, and tangentiality. Willer also discusses medications for ADHD, including their benefits, contraindications, and side effects, and reviews the effectiveness of non-traditional treatments.

Paper 1997

How to Write Social Sciences Research Paper: For Students and Professionals

Alan Smith, PhD 2016-02-29 In a research project, the most critical part is writing the report in a way which presents not just our findings, but the process through which we arrived at these findings. It demands honesty about our research design and our perspectives, so that others can understand not just the research we have produced, but something about the way in which we have produced it. When carrying out research it is all too easy to become embroiled in our own research questions and objectives, so that when it comes to presenting our research we forget about situating it within the wider body of knowledge. For the lack of proper knowledge, many people find it difficult to writing up their paper. This book is intended to help you organize and write a quality research paper for Social Sciences. This book

also gives you the idea about research design.

That Crumpled Paper Was Due Last Week

Ana Homayoun 2010-01-05 At last, the solution for getting disorganized boys back on track. Missed assignments. Lack of focus and enthusiasm. Falling grades. For too many boys and their frustrated parents, these are the facts of life. But they don't have to be. Top academic counselor Ana Homayoun has helped turn even the most disorganized, scattered, and unfocused boys into successful young people who consistently meet their personal and academic challenges. She does this by getting back to basics--starting with a simple fact: Most

boys need to be taught how to get organized, how to study, and-- most important--how to visualize, embrace and meet their own goals. With an accessible and no-nonsense approach, Homayoun shows how to: ?Identify their son's disorganizational style ?Help him set academic and personal goals he cares about ?Design and establish the right "tools of the trade" ?Complete assignments without pulling all-nighters ?Help him tune out social pressure and fend off anxiety Much more than a study guide, this insightful, user-friendly book provides a roadmap for the success too many boys have trouble finding-- in school and in life.
