Mythic Skills Jason Nelson 2015-03-19 A Spectacular Enhancement to the Skill System Mythic Skills introduces a system of skill exploits that take the basic tasks your skills allow you to perform and dials them up to amazing levels. In addition, every skill in the Pathfinder Roleplaying Game Core Rulebook also gets brand-new skill exploits, as well as greater exploits that only the most skilled masters would even attempt. This book contains rules for using these enhanced skills with mythic characters but also provides an alternative system for use in non-mythic Pathfinder campaigns! This system allows your characters to focus on their skills as a key part of their character construction and to invest more of their character's abilities in their character itself, rather than the character's gear or magical tools. You can use these rules generally with mythic characters, allowing them to attempt all manner of skill-based exploits, or you can limit the ability to pull off these amazing skill stunts to those mythic characters that have really invested in making their skills a key part of their character's identity. The mythic rules offer an opportunity to magnify what makes a character special, and the skills they choose to hone as part of their background narrative and throughout the course of the campaign should be just as important in defining them as their marvelous magic and fabulous feats. With Mythic Skills in your hands, your skills will be just as spectacular!"

The Wondering Years Knox McCoy 2018-11-13 Yes, you can love God and binge Netflix! Podcaster Knox McCoy, co-host of The Popcast with Knox and Jamie, tells hilarious stories about how pop culture helped him answer life's biggest questions in his debut book, *The Wondering Years*. Through books, television, music and movies, Knox found many of the answers he was searching for about God and why we're all here. When you hear the phrase pop culture, you likely think reality television, boy bands or Real Housewives of various cities. While these are elements of popular culture, they aren't all it has to offer. Pop culture may not cure diseases or make scientific breakthroughs, but it does play a vital role in the story of humanity. From the first time he was punched in the face to saving dog souls as a canine evangelist, Knox reflects on how pop culture has helped shape his life and carve out the foundation of his faith. While the three cultural tentpoles—the South, the Church, and Sports—defined many aspects of his East Tennessee upbringing, it was pop culture that influenced Knox and his sense of the world at large.
